

PIPELINE EMERGENCIES

A Train-the-Trainer Program Coming to Missouri March 2009, Jefferson City

From the National Association of State Fire Marshals,
the U.S. Department of Transportation's Office of Pipeline Safety,
and the Missouri State Fire Marshal's Office

On March 30, 2009, veteran firefighter Mike Callan will teach a one-day seminar on how to effectively respond to pipeline emergencies in Missouri. This session is being organized by the National Association of State Fire Marshals for the US DOT Office of Pipeline Safety, and is based on *Pipeline Emergencies*, a textbook developed by Mike Hildebrand and Greg Noll. The book and seminar will present a common sense approach to understanding liquid and gas pipeline system operations. The seminar will also provide practical, scenario-based training to help first responders prepare to successfully handle pipeline emergencies. All seminar participants will receive a textbook as well as a companion instructor CD-ROM containing interactive PowerPoint programs, scenarios, exercises and printable tests. A DVD movie will also be provided.

About the Trainer - Mr. Callan is a thirty-year veteran of the Fire Service and a former Captain with the Wallingford, Connecticut Fire Department. He was the California Hazardous Material Instructor of the Year in 2001. He is the author of Responding to Utility Emergencies. In 1989 at the Fire Department Instructors Conference in Cincinnati he was selected from 7000 municipal and private sector instructors, as International Society of Fire Instructors' - George D. Post Instructor of the Year. He is the co-author of Hazardous Materials Exposures - Emergency Response and Patient Care published by Brady and Prentice Hall. He is the lead instructor on the video training series by Emergency Resources Inc. - "Surviving the Hazardous Material Training incidents". He was a member of the Propane Emergencies training project sponsored by the propane Education Research Council. This program and textbook was delivered to every fire department in the United States in 1999. He is the director of his own business - Callan and Company. Mr. Callan conducts Safety Seminars and Chemical Response training around the country for Industrial and Municipal Haz-Mat Teams. He has served as a keynote speaker at the FDIC in Indianapolis, in Cincinnati, and at numerous conferences and seminars around the United States, Canada and in Europe and South East Asia.
